Evangelize

THE THREE CIRCLES

Have you ever had anyone share the Gospel with you? Follow along below in the Three Circles illustration to make sense of and find healing from the brokenness we all experience.

Perfect Creation 2

The world was perfect when God created it. There was no death, disease, injustice or suffering. But starting with the very first people, we as humans chose to go our own way, and leave God's perfect design. That's called sin. And sin led to the world's brokenness.

Broken World 1

If you turn on the television or look at your social media feed, it's very clear we live in a broken world. There's a lot of death, disease, injustice, and suffering.

Failed Escape 3

It is not pleasant to live in a broken world, so we try to get out. Some through climbing the ladder of success, others by doing good things, being religious or going to church. Some by drowning out the brokenness with drugs or a relationship. But like bungee cords, they keep snapping us back into our broken world.

Whole Redemption 4

But God loved us so much that He provided a way out of this broken-ness through His Son, Jesus. Jesus came down into our world, allowing Himself to be killed on a cross, taking on our sin. Three days later He rose from the dead, and declared that if anyone would turn from their ways, surrender to Him, and believe He died and rose again, they would be forgiven. They would also be made new and be able to experience God's perfect design for their life.

Questions 5

Where are you? Are you still in brokenness or have you placed your faith in Jesus, trusting Him for His perfect design for your life? What is keeping you from trusting Jesus as Lord?
